Main Benefits

Seamless integration with UKG Dimensions™

- Zaddons has partnered with your HRIS to deliver seamless, deep-rooted integration of our extensions
- So seamless, it will always feel like your HRIS environment!

Simplify and streamline processes

- Print and view read-only staff schedules in real-time - fit up to 4 weeks on a single page
- Standardize schedule posting format and practices
- Share schedules with staff and other departments for greater transparency

Improve productivity and reduce costs

- Generate one schedule in under 15 minutes (versus 2 to 4 hours) per department
- Promote an environmentally-friendly workplace with significant cost savings on printing and paper – from 20+ printed pages to just 1 page
- Track on-site employees, write notes and make last minute adjustments

Features

4-Week Schedule On One Page

- Optimize the location schedule report with the ability to easily configure, print and post staff schedules
- Fit up to 4-week schedule on a single page

Optimal Customer Experience

- Easily print your schedule planner layout into a report
- Quick and easy sharing and distribution of schedules
- Minimize wall space required to post schedules

Tailored Schedule Report

- Create configurable schedules using quick, simple tools
- Add additional data columns, hide/show schedule items or open shifts
- Control printed schedule data, such as pay codes or other sensitive data

Export The Schedule Report

- If required, can create reports in Excel to transform and add additional data

HIGHLIGHTS

Increase your workforce Efficiency, Engagement and Productivity

The simplest way to view, print and post read-only schedules

Ensure compliance by posting the correct data

Standardize schedule posting format and practices
